Exact Metrology, Inc. Terms & Conditions

Purchase Orders made to:	Exact Metrology Inc.
Payment Details:	<p>Payment requirements for U.S.A., Canada and Mexico. All payments must be made in U.S. dollars by check, wire transfer or credit card.</p> <p>For SALES or REPAIR ORDERS a 4% credit card fee will be added to all credit card transactions.</p> <p>For SERVICE ORDERS less than US \$500, terms are cash in advance. For service orders over US \$500 and US \$5,000, terms are Net 30 days from date of invoice.</p> <p>All payments for RENTALS must be pre-paid in U.S. dollars, by credit card (4% processing fee applies) or wire transfer.</p> <p>For SALES ORDERS orders less than US \$50,000, terms are Net 30 days from date of invoice. For standard product orders greater than US \$50,000, terms are 30% down payment, 70% Net 30 Days from date of invoice. Unless otherwise stated on quote.</p>
Hardware Specific Requirements:	<p>Artec product orders are 100% prepay.</p> <p>GOM and ProCon product orders are 50% with order and 50% upon installation.</p> <p>All used systems are 100% with order prior to shipping.</p> <p>Software Maintenance orders are net 10 days from date of invoice.</p> <p>Surphaser orders are 50% with order. Balance net 10 days after delivery.</p> <p>Inspecvision orders are 35% with order. Balance net 10 days after delivery.</p>
Rental Requirements:	<p>A signed Rental Agreement is required along with Certificate of Insurance. The software and software dongles are licensed to the customer and in the event of loss, a replacement fee will be required for replacement software and software keys (prices provided on request).</p>
Hardware Delivery/Install:	<p>6-8 weeks on receipt of order unless otherwise stated on quotation. For Gom - 20 weeks on receipt of order. For ProCon - 14-20 weeks on receipt of order.</p> <p>Buyer shall schedule installation, training or part programming services sold with the product or service to take place within 12 months from the date of shipment. Customer has 12 months to use their software training credits. However, once software training has officially commenced, Exact Metrology requires that all software credits be used within 60 days. We will not allocate resources or schedule projects without receipt of purchase order or signed proposal.</p>
Service Delivery/Install:	<p>1-2 weeks on receipt of order unless otherwise stated on quotation. Buyer shall schedule installation, training or part programming services sold with the product or service to take place within 12 months from the date of shipment. We will not allocate resources or schedule projects without receipt of purchase order or signed proposal. Parts not requested to be returned after 6 months of invoicing will be discarded. Due to the possible reflectivity of some parts, a thin coating of powder (crack check developer such as Dynaflux) may be needed.</p>
Software:	<p>The software and software dongles are licensed to the customer and in the event of loss, a replacement fee will be required for replacement software and software keys (prices provided on request).</p>
Training:	<p>Training Orders Net 30 from PO issuance. Training credits are available for one year.</p>

Exact Metrology, Inc. Terms & Conditions (continued)

LIABILITY LIMITED TO THE AMOUNT OF THE PROPOSAL.

Past-due accounts will be charged interest at the rate of 1 ½ % per month (or the maximum amount permitted by applicable law, if less) on the amount due until fully paid.

Seller reserves the right to suspend services, manufacture and delivery upon failure of Buyer to make payments when due, which suspension shall not satisfy Buyer's obligation to pay.

For service jobs that are delayed due to customs, weather, availability on site or some other outside force that affects timing of job, customer agrees to work with Exact Metrology to cover expenses as of result of such delays. When scheduling Exact Metrology personnel, customer agrees to no more than 16 hours/day on site.

Exact Metrology is committed to providing products and services that comply with all aspects of our customers' requirements. This is accomplished through continual improvement of our Quality Management System to ensure its effectiveness and continuing suitability, as well as through the monitoring of Measurable Quality Objectives.
